

3

Low Tech Linear Array

1. **Using the Orange Cards** at the station and work as a group to figure out the linear array of words.
2. **Create one card each** by writing a word or phrase that will fit in the linear array of words.
3. **Add your card** to the linear array and leave it at the station for the next group.
4. **Mix the cards up** (add yours) and
5. bundle them for the next group.
